SHOTIXTM
SPRAY FOR CATS & DOGS

**GOOD BYE
TICKS**

**PET CARE PRODUCT
WITHOUT ANY INSECTICIDE**

Shotix is a quick ticks removing spray for use on dogs and cats. For instant relief, simply spray on attached or crawling ticks until covered (two sprays). Shotix dissolves the outer waxy layer surrounding the tick's hard shell. Within 3 hours from application, the tick will fall off your pet and will make it easy to remove.

Shotix is free of any conventional pesticides and can be used as required. The bottle contains aprox 400 sprays shot.

B E N E F I T S
